Mentor App Sketch

I want to teach others about Data Science, so I'll sign myself up as a mentor!

I have no ratings, let me customize my profile to make myself more appealing!

I received a message from a student, I'll help them out!

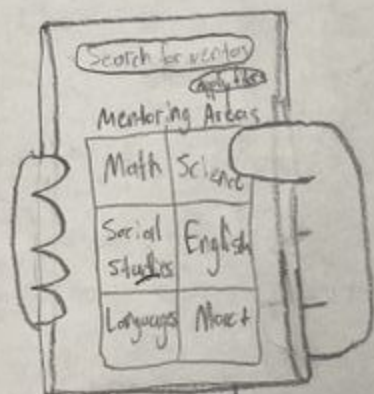

The student left a nice review, hopefully this will attract others!

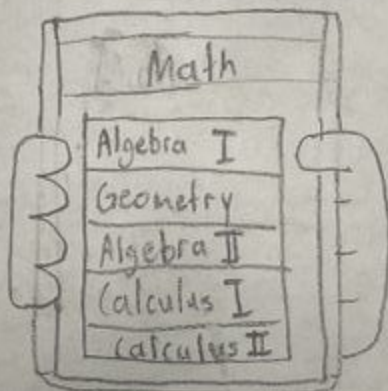

Name: Tyler Shaughnessy

Date: 11/2/23

Wow I'm in the app! Let me try finding a calculus mentor.

Aha! Calculus I!

Ah! I'll pick the closest one!

I'll chat with him!

Hi, can I schedule an appointment?

Yes of course!
